

Urinal Gasket

Products - Cat 4 - Wax Gaskets, Cold Solders, and Lubricants

DESCRIPTION

Black Swan's Urinal Gasket is a urethane gasket made of a tough, flexible and durable urethane foam which is then impregnated with wax. This product is guaranteed for 10 years. Can be used on wall mounted urinals. The gasket forms a water tight, gas tight and odor tight seal. Meets Federal Specification TT-P-1536A.

DIRECTIONS

1. Be sure the **Urinal Gasket** is at room temperature (above 70°F). If wax ring is too cold a good seal may not be made or the urinal could crack while making the installation.
2. Press **Urinal Gasket** onto horn outlet of urinal.
3. Set urinal in place and twist gently to spread wax evenly to make a tight seal.
4. Tighten flange bolts carefully to prevent cracking or chipping of the urinal.
